

## East Texas Chapter ASHRAE MEETING

# UL UNIVERSITY

## Underwriter Laboratories: Data Acceptance Program and ISO\IEC 17025 Workshop

by Jodi Hepner, UL Rep

**Thursday, January 17, 2008**

**11:15 a.m. – 1:30 p.m.** Lunch and Presentation

**1:45 p.m. – 4:45 p.m.** In-depth Q&A

### Location:

American Standard  
Customer Visit Room  
Trane  
6200 Troup Hwy  
Tyler, TX 75707

### Meal:

BBQ and all the  
fixin's

### Workshop Overview:

This workshop will cover ISO/IEC 17025 requirements within context of the Data Acceptance Program (DAP). Program participants will gain an understanding of how the 17025 standard serves as the foundation for DAP as well as specific Management and Technical Requirements. In addition, the workshop also will cover specific Data Recording and Reporting fundamentals including key data sheet components that must be adequately complete.

The workshop includes interactive activities regarding review of calibration certificates, critical consumables and equipment selection and accuracy. In addition, workshop participants will also receive DAP guides that articulate a step by step process of what is required to meet compliance in each of these areas.

**Reservations are required.** Cost of workshop is \$15 if reservation received by Thursday, Jan. 10, cost after Jan. 10 is \$20. **Free to all Students!**

Reservations: Sheri McLain (903) 581-3391; or email at [sheri.mclain@trane.com](mailto:sheri.mclain@trane.com)
